SPEAK OUT

DONATE TO KEEP THIS CAMPAIGN GOING: PO Box 61051, Durham, NC 27715 | www.ncwarn.org

GOV. ROY COOPER,
PLEASE STAND UP TO DUKE ENERGY!

DUKE ENERGY IS TRYING TO CHOKE OUR GROWING SOLAR POWER INDUSTRY – SO IT CAN BUILD 50 FRACKED GAS UNITS...

AND KEEP RAISING OUR RATES!

Solar energy helps us all by putting low-cost power on the grid, cutting climate pollution and adding good jobs. But Duke Energy “leaders” are trying to undermine our rooftop solar industry – the only competition to Duke’s monopoly control.

No wonder the state’s rooftop solar companies vigorously oppose Duke’s scheme – and 53 nonprofits are standing with them.

TELL GOV. COOPER TO PROTECT ROOFTOP SOLAR:
Stop Duke Energy from choking our growing solar industry and making the climate crisis worse.
